**“FROM INDIAN QUARRIES
TO GLOBAL LANDMARKS.”**

- Sonnet Stone

Legacy in Stone

From the quarries of Rajasthan to construction sites across 25 countries — Sonnet Stone has spent over eighteen years mastering every step of the natural stone supply chain.

Founded in 2008 in Udaipur, the heart of India's stone belt, Sonnet Stone began as a focused granite processing unit. Over the years, we grew our product range to include marble, engineered quartz, granite and sand stone slabs — always maintaining the same commitment to quality, consistency, and on-time delivery that built our reputation.
